Administration Personnel	(2)

Staff

Production Manager
 Foreman
 Welders (grade A)
 Welders (grade B)
 Piping Technicians
 Fitters – Sheet Metal Workers
 Machinery Operators
 Non-destructive test controller

Total employees : 40

Depending on the needs of different projects, the company hires temporary personnel besides its permanent staff with the adequate support of tools & equipment up to one hundred twenty (120) technicians.

FACILITIES

Offices Area : 400m²

Software in use : Cad-Cam Plasma Cutting Machine

TOOLS AND MACHINERY

Boom welding machine (5 X 4 X 20m with a machine SAW 1000A)

Pantograph CNC oxygen – plasma 27.5m X 3.05 m

Hydraulic Cylinder 3.05m X 40mm

Shear 3m X 10mm

Bending Machine

Radial up to $\Phi 75$ mm

Drilling machine

Lathes up to $\Phi 800$ mm

Smoothing plane 1.200X1.000mm

Cylinder 2.000X15mm

Plasma Cutting Machine up to 40mm`

Band Saw up to $\Phi 500$

Disc Saw up to 1.000mm

QUALITY SYSTEM

Our Quality System certified
Standard: EN ISO 9001:2015
Certifying Body: EQA HELLAS S.A.

In case the client is intended to audit
our Quality
System directly or through
a 3rd party Agency we don't have any
objection.
